

# The Calling (feat. Laura Brehm)

TheFatRat

[Verse 1: Laura Brehm]

Still and silent

Calm before the storm

Gold and diamond

Jewels behind the throne[Pre-Chorus]

Into the night, out of the dark, take to the sky, chasing the stars

All that we said, all that we are, waiting to fly, this is the start[Chorus]

Hide and seek, reason and rhyme, grand and glorious

Living the dream, yours and mine, euphoria

Hide and seek, reason and rhyme, grand and glorious

Living the dream, yours and mine, euphoria

[Drop][Verse 2: Laura Brehm]

Stone and feather

Move outside your head

Now or never

Strong in every step[Pre-Chorus 2]

Give me a sign, hitting the mark, take to the sky, chasing the stars

Open your eyes, watching afar, waiting to fly, this is the start

[Chorus]

Hide and seek, reason and rhyme, grand and glorious

Living the dream, yours and mine, euphoria

[Drop][Chorus Muffled]

Hide and seek, reason and rhyme, grand and glorious

Living the dream, yours and mine, euphoria
