

Sound & Color

Alabama Shakes

A new world hangs outside the window
Beautiful and strange
It must be falling away
I must be
Sound and color with me for my mind
And it should show you where to go when I need to speak
Sound and color
With me in my mind
Sound and color
Try to keep yourself awake
Sound and color
This life ain't like a book
Sound and color
I wanna touch a human being
Sound and color
I [?] back to sleep
Sound and color
Ain't life just [?]
Sound and color
Sound and color
The more the feeling [?]
Sound and color
Life is
Sound and color
Love is
Sound and color
Love is
Sound and color
Sound and color
Sound and color
