

No Sleep

Last Heroes

[Verse 1]

Tired of sleeping
California dreaming
But I don't wanna wake up
Just need you closer
Don't want it to be over
Addicted to your mad love [Pre-Chorus]

There's
Nowhere
Nowhere
Nowhere but you and
Nothing to lose yeah
Nowhere
Nowhere

[Chorus]

I've been getting no sleep lately
Staring at my phone waiting for your call gone crazy
I know we said we won't but baby we were wrong yeah
Only your love can save me
Oh well So what you gonna do yeah baby
Cause I've been getting no
Yeah I've been getting no sleep lately

[Drop]

Cause I've been getting no
I've been getting no sleep lately
I've been getting no sleep lately
I've been getting no sleep lately
(lately)
I've been getting no sleep lately
(lately)

[Verse 2]

You got me high like
Living for the high life
Going all the way up
Always a downside
You and me a joyride
Running on our mad love [Pre-Chorus]

There's
Nowhere
Nowhere
Nowhere but you and
Nothing to lose yea

Nowhere

Nowhere

[Chorus]

I've been getting no sleep lately
Staring at my phone waiting for your call gone crazy
I know we said we won't but baby we were wrong yeah
Only your love save me
Oh well So what you gonna do yeah baby
Cause I've been getting no
Yeah I've been getting no sleep lately[Drop]
Cause I've been getting no
I've been getting no sleep
I've been getting no sleep lately
(lately)
I've been getting no sleep lately
(lately)
I've been getting no sleep lately
(lately)
