

Mosquito

Yeah Yeah Yeahs

Mosquito, mosquito, mosquitoMosquito sing

Mosquito cry

Mosquito live

Mosquito die

Mosquito drink

Almost anything

Whatever's left

Mosquito screamsI'll suck your blood

I'll suck your blood

I'll suck your blood

Suck your, suck your, suck your blood

Suck your blood

I'll suck your blood

I'll suck your blood

Suck your, suck your, suck your blood

Mosquito sing

Mosquito cry

Mosquito live

Mosquito die

Mosquito land

On your neck

Mosquito drink

Whatever's leftHe'll suck your blood

He'll suck your blood

He'll suck your blood

Suck your, suck your, suck your blood

Suck your blood

He'll suck your blood

He'll suck your blood

Suck your, suck your, suck your blood

They can see but it can't see them

They can see but it can't see them

So are you gonna let them in?

They're hiding underneath your bed

Crawling between your legs

Sticking it in your vein

Were you itching when they called your name?

Were you itching when they called your name?They'll suck your blood

They'll suck your blood

They'll suck your blood

Suck your, suck your, suck your blood

Suck your blood

They'll suck your blood
They'll suck your blood
Suck your, suck your, suck your bloodSuck!
