

Incarnated Solvent Abuse

Carcass

"If visible identification
Is not possible, the
Pathologist may be able
To take fingerprints from
The body. If decay has set
in, things become more
complicated..."Intenacious
Intersecting
Reaving fats from
Corporal griskin
Culled for sodden
Gelatine brayed
Skeletal groats
Triturated
Desinently
Exsiccated
Sere glutenate brewed
For frivolous solvent abuse
Derogate coarse remains
For glue to dry
Despoiled marrow razedA truculent shamble
So severeExtravated bone
As adhesive incarnate
A pellucid quietus
Nocuously I createCorporal glue
Breathe in the fumes
Mucilage vapours
Toxic fumes to savour-Solo-Comminuted remains
A gum to dry
A lissom gel so glazed
A truculent shambolic affairThe exsanguine esprit
Shorted as snuff
Rheumic oils forever
Bonded together as gumHuman glue
Choke on the fumes
Noxious vapours
Slaughterous labour-Solo-
