

Until They're Gone

Bobby Tinsley

oooooooo ohhh yeahh(1)

Why do we say the things that bring each other pain?
Why do we argue about our past that we can't change?
How come we sit in the same room without saying hello?
Why can't we turn the other cheek? I need to know ohhh()
We never miss the one's we love
While we argue and fight (while we argue and fight)
We don't appreciate them
While they're in our lives (our lives)
We let our pride get in the way
You blame each other even though we both are wrong
Why don't we ever miss thier love
Until they're gone

(2)

Why do we go so long without saying how we feel?
Why do we open wounds we know will never heal? (why why)
How come we search for love that truely satisfies? (i really wanna know)
When everything we would ever need is before our eyes ohhh ooo()
We never miss the one's we love
While we argue and fight (while we argue and fight)
We don't appreciate them
While they're in our lives (oh they're in our lives)
We let our pride get in the way
You blame each other even though we both are wrong
Why don't we ever miss thier love
Until they're gone

(Bridge)

I'm praying now that god would help me make the change
I'm begging now right now that you will feel the same
I'm praying now that god would help me make the change
I'm begging now right now that you will feel the same()
We never miss the one's we love
While we argue and fight (while we argue and fight)
We don't appreciate them
While they're in our lives (oh they're in our lives)
We let our pride get in the way
You blame each other even though we both are wrong
Why don't we ever miss thier love
Until they're gone
We never miss the one's we love
While we argue and fight
We don't appreciate them

While they're in our lives
