

# Been a Long Time

## Black Label Society

The death, the lies, in lies the truth  
All that it is, what was, ain't true  
I was down but now I can see  
The pain, the hurt, the misery Oh lord, it's been a long time  
Doing my best I'll try  
And get it next time  
Oh lord, it's been a long time  
Doing my best I'll try  
And get it next time  
This cross you bare  
I've come to carry for you  
This cross you bare  
I've come to break it in two  
I was down but now I can see  
The pain, the hurt, the misery Oh lord, it's been a long time  
Doing my best I'll try  
And get it next time  
Oh lord, it's been a long time  
Doing my best I'll try  
And get it next time-Solo-  
Oh lord, it's been a long time  
Doing my best I'll try  
And get it next time  
Oh lord, it's been a long time  
Doing my best I'll try  
And get it next time
