

# I Should Tell You

## Eighteen Visions

I watched the falling rain  
splash upon your face  
i know those  
aren't your tears  
You know it's me  
and where i've been  
it's just the circumstances  
don't let her down...  
So, i should tell you  
why it's so hard to tell you  
you know it's me and where i've been  
and the million words i'm thinking  
I burned my time today  
as i start to waste  
you were my one and only  
and now i don't know why  
You know it's me  
and where i've been  
it's just the circumstances  
don't let her down...  
You know it's me  
and where i've been  
it's just the circumstances  
don't let her down...  
And i know what you're feeling tonight  
and i know soon everything will be fine  
and i know what you're feeling tonight  
and i know for now you're... mine...  
for now you're... mine...  
for now you're... mine...  
for now you're mine  
I watched the falling rain  
splash upon your face  
i know those  
aren't your tears  
You know it's me  
and where i've been  
it's just the circumstances  
don't let her down...  
don't let her down...  
don't let her down...
