

# I Found Someone

Cher

Don't you know  
So many things, they come and go  
Like your words that once rang true  
Just like the love I thought I found in you  
And I remember the thunder  
Talking 'bout the fire in your eyes  
But you walked away when I needed you most  
Now maybe baby, maybe baby I found someone  
To take away the heartache  
To take away the loneliness  
I've been feelin' since you've been gone  
Since you've been gone  
Dry your eyes  
I never could bear to see you cry  
Someday your love will shine through  
And show you the feelings that you never really knew  
But baby don't you loose that thunder  
Talking 'bout the fire in your eyes  
You're lookin' at me but you still don't believe  
That maybe baby, maybe baby I found someone  
To take away the heartache  
To take away the loneliness  
I've been feelin' since you've been gone  
Since you've been gone  
Too long on the border line  
Wondering if your love was really mine  
But you left me with open eyes  
And when I realized  
Baby  
I found someone  
To take away the heartache  
To take away the loneliness  
I've been feelin' since you've been gone  
Baby  
I found someone  
To take away the heartache  
To take away the loneliness  
I've been feelin' since you've been gone  
Since you've been gone
