

Slowly, Slowly

The Mowgli's

Slowly, slowly
We become the secrets that we keep.
Yea, its only you.
Its only me.
Its only love and its only fair
That you find your peace.
Yea, its only you.
Its only me.
Its only love and its only fair
That you find your peace.
My head
My spirits end,
Could do this whole damn world right in.
And ill turn green
Like lovers greed
And youll get high
Off of loving me
And then youll finally see.
I hope you finally see.
That its only you.
Its only me.
Its only love
As far as distance allows me.
Yea its only you.
Its only me.
Lonely love
As long as I can hear you sing.
And now im hearing you sing.
Oh
Slowly, slowly (slowly, slowly we)
Slowly, slowly (slowly, slowly we)
Slowly, slowly (slowly, slowly we)
Slowly, slowly
We become the secrets that we keep
Yeah it's only you it's only me
It's only love and it's only fair that you find your peace
