

# Too Much (From "Zapped")

Zendaya

Baby we're too much, much to handle  
Understand it when we turn it up  
Too much, much to handle  
Yeah we're just too much (Come on)  
Steppin' out the door, they already know what song we like oh yeah  
Push up on the scene like we read about in a magazine like oh yeah  
So fly from head to toe  
Keep yours, we got our own  
Can't tell there's nothing known  
Do what we want like oh yeah 'Cause we gonna get it poppin' poppin'  
That's that reason why you talkin' talkin'  
You say we killin' it? stop it stop it  
The beat get hot, drop it!  
Baby we're too much, much to handle  
Understand it when we turn it up  
Too much, much to handle  
Yeah we're just too much  
Baby, we're too much, much to handle  
Understand it yeah, we can't be touched  
Too much, much to handle  
Yeah, we're just too much You don't get it  
You don't get it, babe  
You ain't ever gonna get it, babe  
In just a minute you will get it, babe  
You ain't never gonna get it, babe No, we ain't got no shame  
Going against the grain like, oh yeah!  
Don't be surprised when you see us touch the sky like, oh yeah!  
Work hard for what we got  
Think we're difficult, we're not  
Now the underdog's on top and we ain't gonna stop like, oh yeah!  
'Cause we always get it poppin' poppin'  
That's that reason why you're talkin' talkin'  
You say we killin' it? stop it stop it  
The beat get hot, drop it! Baby we're too much, much to handle  
Understand it when we turn it up  
Too much, much to handle  
Yeah we're just too much  
Baby, we're too much, much to handle  
Understand it yeah, we can't be touched  
Too much, much to handle  
Yeah, we're just too much  
(Here we go now) You don't get it

You don't get it, babe  
You ain't ever gonna get it, babe  
In just a minute you will get it, babe  
You ain't never gonna get it, babe No it's not that complicated  
We're ready for the crowd, yeah  
You can love it  
You can hate it  
That's just how we get down  
(Here we go)  
Hey! Hey! Heeeeey! Baby we're too much, much to handle  
Understand it when we turn it up  
Too much, much to handle  
Yeah we're just too much  
Baby, we're too much, much to handle  
Understand it yeah, we can't be touched  
Too much, much to handle  
Yeah, we're just too much Baby, we're too much, much to handle  
Understand it yeah, we can't be touched  
We're too much, much to handle  
Yeah, we're just too much You don't get it  
You don't get it, babe  
You ain't ever gonna get it, babe  
In just a minute you will get it, babe  
You ain't never gonna get it, babe  
I'm gonna get it, babe
