

DeMar DeRozan

Comethazine

[Intro]

(Bitch! Yeah)

Move through the city, I'm in a new whip (Skrt!)

We boolin' in here (Bitch, bitch)

(Yeah, yeah)

[Verse]

Move through the city, I'm in a new whip

Interior red, we boolin' in here

I smoke on the pound, I smoke out the zip

Bitch, I'm smokin' on cookie, drink lean like it's milk

This Glock holdin' 30, I bought a new clip

She tryna' talk, I'm tryna' hit

Hoe, shut the fuck up, and suck on this dick

I just went shopping, I bought some more shit

He talkin' tough, he get hit in the lip with stick

Kn-knock him right off of his shit, b-bitch

Thirty-five hundred I spent on this fit

About 55 'k on my wrist

Ball like Kobe, or DeMar DeRozen

When I pull a lil' bitch, I don't miss

Off-White, Goyard, Supreme, I be rockin' this shit 'cause I'm rich

All white, like they Air Force Ones, and they lookin' so nice with the fit

Move through the city, I'm in a new whip

Interior red, we boolin' in here

I smoke on the pound, I smoke out the zip

Bitch, I'm smokin' on cookie, drink lean like it's milk

This Glock holdin' 30, I bought a new clip

She tryna' talk, I'm tryna' hit

Hoe, shut the fuck up, and suck on this dick

I just went shopping, I bought some more shit

He talkin' tough, he get hit in the lip with stick

Kn-knock him right off of his shit, b-bitch

Thirty-five hundred I spent on this fit

About 55 'k on my wrist

Ball like Kobe, or DeMar DeRozen

When I pull a lil' bitch, I don't miss

Off-White, Goyard, Supreme, I be rockin' this shit 'cause I'm rich

All white, like they Air Force Ones, and they lookin' so nice with the fit
