

# Surreal (feat. Abby Sevcik)

## Mielo

You've been climbing to the top  
And you're so close now  
They always said you'd make it far  
But they failed to mention how  
So you keep fighting for that moment  
When you can claim it that you own it  
And everyone around you knows it  
When you look back, it seems so easy.  
You've been caught in the in-between  
It's never been enough  
But you know this view won't compare  
To the one from above  
So you keep fighting for that moment  
Terrified for you, I show it  
All the things you left unspoken  
Seem unseen so easy
