[Verse 1]

It's the brown demon relax
Off 3 xanax
Had to relax
And I'm turned up with my nina
4 perks and my body bleeding
Diamonds dancing on my wrist like a stripper
Bitch money's gleamin
Compressing finessin' xans all my life
That shit was no reason (ay)
Fuck up out my way
I feel possessed and in a maze
If I'm dancing with the devil
Hold me tight and then we stray
Black plague running through my fucking veins
And these niggas sleepin' on me
But get mad cuz a young nigga gettin' paid
I ain't with that bitch and listen
I fuck up the pot
Betty Crocker in the kitchen
And if this gets disrespectful Rich Life
Comin' through the building
I'mma swing up on that pussy
Boy I'm eight round with that ridged
Money long just like Rapunzel
Watch him grip a fucking
Future Trunk up in that bitch
I'm cutting shit like it's Freeza
Hold up, fuck nigga, test it
He ain't makin' it to the next sequel
Hold up, fuck nigga, test it
He ain't makin' it to the next sequel
Future trunks up in that bitch boy
