

# Lord Willin'

## Logic

Okay now this how I'm feeling, lately I'm like the villain  
Cause while they on that other shit I been posted, out here chillin'  
Lord willin', I'll survive, but not like that 9 to 5  
You know this that shit that you bumpin' in your whip while you drive  
I've been living life, and I hope that you do the same  
Cause if you ain't doing what you love it's only you to blame  
Come on I've been through the game, bout time that they know my name  
Numb it down for the pain, this music my Novocaine  
Lord Willin' we over came, it's time to get over man  
I've been around the world and back and I swear it's all the same  
And what I learned, A prophet don't do it for the profit gone get off  
Check the topic watch me drop it, can you top it  
I don't know I've been at it on the low  
Never did it like this here before  
But I'm still here and I just hope I'll make a difference make a killin'  
Lord willin'  
Lord willin'  
Make a difference, lord willin'  
Uh, lord willin'  
I tell 'em hold on  
And yeah you know that I gotta bring it back again  
And I tell 'em hold on  
I don't understand what's happening  
And so I tell 'em hold on  
And yeah you know that I gotta bring it back again  
And I tell 'em hold on  
I don't understand what's happening  
So I tell em  
I guess I'm back at it, I ain't done, I ain't had it  
If I was underground before then this is me in my attic  
For this rap shit I'm an addict, but can't fuck with that dramatic  
I've been busting my ass, they probably think it's automatic  
Yes sir I've done this shit before like your baby momma momma  
I'ma tell 'em like it is, I'ma tell 'em like it is  
Life ain't picture perfect, we use the negatives to develop  
I'm well up I'm way up, nothing but net, fuck the layup, I'm way up  
Bitches losing calories out here jumping to conclusions  
Can't fuck with they delusions, I'm on that 101 cruisin'  
Okay, way back in the day I rap in a way, but no not quite like this  
Living like that in a way, guess you could say made me wanna write like this  
Not quite like this on my level, I'm unique and I'm a rebel  
Like you listening, I hope that you're listening

This feel like it's summertime, waiting for the bus number nine  
Through the city all alone, not a worry, not your phone  
We just vibing maybe flying 'round the world  
Man, I hope you see the world  
And all your dreams will unfurl, just don't never cash your pearl  
Go out there and make a livin', take this advice that I'm givin'  
Make a difference make a killin', make a killin' Lord willin'  
Lord willin'  
Make a difference, lord willin'  
Uh, lord willin'  
I tell 'em hold on  
And yeah you know that I gotta bring it back again  
And I tell 'em hold on  
I don't understand what's happening  
And so I tell 'em hold on  
And yeah you know that I gotta bring it back again  
And I tell 'em hold on  
I don't understand what's happening  
So I tell em
