

# Losing It Over You (feat. Ayme) [Syn Cole Remix]

Matoma

I don't know if you're alone now or if you found  
Someone that you can spend the night with  
Maybe I should go and find someone too?  
Would you pick up the phone right now  
Or do you still fall asleep with it on silent?  
The way that you used to do When we were one foot in and one foot out  
I know that I let you go but I miss you now  
All the things I should've said but I didn't know how  
I know that I let you go but I miss you now  
And I'm losing my grip, losing my mind  
First to admit that you could be mine  
It's so unlike me to do  
But I'm losing it over you  
I'd go back, back to the night  
Asked for the truth and I told you a lie  
So scared of what I would do  
Now I'm losing it over you (Don't wanna lose you, I don't, I don't)  
(I don't wanna lose you)  
(I don't wanna lose you, I don't, I don't)  
Now I'm losing it over you  
(I don't wanna lose you, I don't, I don't)  
(I don't wanna lose you)  
(I don't wanna lose you, I don't, I don't)  
Now I'm losing it over you  
Maybe this is bad timing and you  
Probably think that I'm selfish for trying  
To pick up emotions that we buried ages ago, mm  
I thought you'd always come and find me  
Some type of way to convince me I should  
Come back to you and I would, I would One foot in and one foot out  
I know that I let you go but I miss you now  
All the things I should've said but I didn't know how  
I know that I let you go but I miss you now And I'm losing my grip, losing my mind  
First to admit that you could be mine  
It's so unlike me to do  
But I'm losing it over you  
I'd go back, back to the night  
Asked for the truth and I told you a lie  
So scared of what I would do  
Now I'm losing it over you (Don't wanna lose you, I don't, I don't)

(I don't wanna lose you)  
(I don't wanna lose you, I don't, I don't)  
Now I'm losing it over you  
(I don't wanna lose you, I don't, I don't)  
(I don't wanna lose you)  
(I don't wanna lose you, I don't, I don't)  
(Now I'm losing it over you) And I'm losing my grip, losing my mind  
First to admit that you could be mine  
It's so unlike me to do  
But I'm losing it over you  
I'd go back, back to the night  
Asked for the truth and I told you a lie  
So scared of what I would do  
Now I'm losing it over you
