

All Better

Katie Kadan

[Verse 1]

I used to think that I was broken
Lettin' me love you so twisted
Now that I know what I've been missing
All of your [?]

[?]

All of your love left on your side

[?]

All of these things hurt my pride [Chorus]

Now I sleep better, dream better, breathe better
Baby, without you, I love better, trust better, live better
'Cause it's not without you
I look better, laugh better, feel better
Baby, without you, I'm all better, all better, I'm all better, all better

[Verse 2]

It's funny how [?]

Taking my love to the dark side

Testing all my emotions

Now I got you, baby, on my side

Did you think I was your token?

Riding my heart like you owned it

Funny, these emotions

Can't take this pain, you know this [Chorus]

Now I sleep better, dream better, breathe better

Baby, without you, I look better, trust better, live better

'Cause it's not without you

I look better, laugh better, give better

Baby, without you, I'm all better, all better, all better, all better, yeah

What you think about me now?

[Bridge]

It's between you and the ground

Ashes to ashes

Dust to dust

Eat my dust

How you feel about me now?

It's between you and the ground

Ashes to ashes

Dust to dust

It took you too long to [?][2nd Chorus?]

Now I sleep better, dream better, feel better
Baby, without you, I love better, trust better, live better

'Cause it's not c

I look better, laugh better, feel better
Baby, without you I'm all better, all better, all better
