

# Mexican Moon

## Concrete Blonde

Oh, amigo  
Here we do things slow  
Money, art, a broken heart  
Where did you want to go?  
Señor, por favor  
To the hotel Zona Rosa  
What did I come here for? Oh, señor  
I run, but the damage has been done  
Miles have gone away  
And my amor, he never come  
I look up at the sky  
I am tired and dry  
Uno Tecate and lime  
Thinking of you  
Underneath the Mexican moonlight  
Thinking of you  
Underneath the Mexican moon Señor, you are wise  
I can see a million years  
A million tears behind your eyes  
Take me home  
Take me to the Zona Rosa  
Mariachis and tequila  
I will dance the night alone Just some time  
Just a little kiss of mine  
Take me where I can forget, señor  
You are so very kind  
I look up at the sky  
I am tired and dry  
Dos Tecate and lime  
Thinking of you  
Underneath the Mexican moonlight  
Thinking of you  
Underneath the Mexican moon  
Thinking of you  
Underneath the Mexican moonlight  
Thinking of you  
Underneath the Mexican moon I look up at the sky  
I will try not to cry  
Tres Tecate and lime  
Thinking of you  
Underneath the Mexican moonlight  
Thinking of you

Underneath the Mexican moon  
Thinking of you  
Underneath the Mexican moonlight  
Thinking of you  
Underneath the Mexican moonThinking of you  
Underneath the Mexican moonlight  
Thinking of you  
Underneath the Mexican moon
