

Another Girl

Bow Wow & Omarion

I usually don't do this well not
All the time but for you
Prince of the O-Town
She know it's finna go down
Prince of the O-Town
You know it's finna go down She said that she didn't want
To be just another girl
I don't want to go
But she's leadin' me, baby
I ain't feelin' just another girl
You're the only girl You know my swag soon as I walk in
(fresh)
You saw one flash I was so sparklin'
(click)
When I walk past here they go talkin'
(Ha, ha)
They want me, I do not want them
(Nope) Ma I seen you since you stepped in
(Damn)
Such a princess need to be with a Princeton
(Me) I'm so turned on
By your body dimension
Help me out O
Maybe you can convince her You got your mind set
Girl you the finest
It's perfect timin'
I just want to grind and
She said that she didn't want
To be just another girl
I don't want to go
But she's leadin' me baby
I ain't feelin' just another girl
You're the only girl I spent all night baby tryna impress ya
What I got to do to let you
Know that you special
I don't want to make it seem it's just sexual But I really really want to undress you
Don't you worry about what the rest do
Yup a couple try to pull me to the restroom
So hurry, hurry, hurry, come to the rescue
'Cause you're the only one I want to be next to I had her mind set
Since our eyes met
Girl you so fine yes

Want to get inside ya She said that she didn't want
To be just another girl
I don't want to go
But she's leadin' me baby
I ain't feelin' just another girl
You're the only girl (So come on girl)
You should be in my drop
In fact you should be on top
If you don't I'll And if ya don't I'll be so lonely girl
Look I probably leave the club alone
But I want to take you home
Ain't no other girls in here I say Girl, I only want you She said that she didn't want
To be just another girl
I don't want to go
But she's leadin' me baby
I ain't feelin' just another girl
You're the only girl So come on girl
If you don't I'll be lonely
(Said I'll be lonely)
Oh, I need someone to hold
(Can I hold you?)
Girl, I only want you She said that she didn't want
To be just another girl
I don't want to go
But she's leadin' me baby
I ain't feelin' just another girl
You're the only girl
