Do It Right

Rainer + Grimm

Don't talk
Don't sleep
Just you and me
You do this all the time
To show me
That you can do it right
Is whatever you need
That you can do it right
Is whatever you need
(You can do it right X3)
(Whereever you are)
(You can do it right X3)
(Whatever you need)
You can do it right
You can do it right
Is what you need
