

Wet & Wild

Holy Wave

La la la, la la la
You're hoping it's more [?]
And I'll sing if you do
I can see that you're angry
Feeling only you do
Is that all I do?
I changed only you
Well it's over now
Well it's over now
La la la, la la
And you're singing about
And I'll show them to you
I can see that you're angry
Feeling lonely by yourself
Is that all I do?
I changed only you
I'll ask if you do
I changed only you
