

# Carrying Your Love With Me

George Strait

Baby all I got is this beat up leather bag  
And everything I own don't fill up half  
But don't you worry 'bout the way I pack  
All I care about is gettin' back real soon  
A goodbye kiss is all I need from you  
Chorus:  
'Cause I'm carrying your love with me  
West Virginia down to Tennessee  
I'll be moving with the good Lord's speed  
Carrying your love with me  
It's my strength for holding on  
Every minute that I have to be gone  
I'll have everything I'll ever need  
I'm carrying your love with me  
On a lonely highway stuck out in the rain  
Darlin' all I have to do is speak your name  
The clouds roll back and the waters part  
The sun starts shining in my heart for you  
You're right there and everything I do  
Chorus:  
'Cause I'm carrying your love with me  
West Virginia down to Tennessee  
I'll be moving with the good Lord's speed  
Carrying your love with me  
It's my strength for holding on  
Every minute that I have to be gone  
I'll have everything I'll ever need  
I'm carrying your love with me  
It's my strength for holding on  
Every minute that I have to be gone  
I'll have everything I'll ever need  
I'm carrying your love with me  
Chorus:  
'Cause I'm carrying your love with me  
West Virginia down to Tennessee  
I'll be moving with the good Lord's speed  
Carrying your love with me  
It's my strength for holding on  
Every minute that I have to be gone  
I'll have everything I'll ever need  
I'm carrying your love with me  
(til fades out)
