

I Need You, I Love You, I Want You

Tenth Avenue North

I need you
I love you
I want you
No one else can make me new I need you
I love you
I want you
No one else can make me new Your joy is better than wine
It's better than love
It's better than life Your joy is where my heart sings
It's where I belong
It's where I believe
I need you
I love you
I want you
No one else can make me new I need you
I love you
I want you
No one else can make me new I will wait for only you
No one else can make me new
No one else can break the silence I will wait for only you
My heart needs to hear what's true
No one else will break the silence I will wait for only you
No one loves me like you do
No one else can break the silence
So I will wait for only you
No one else can pull me through
No one else will break the silence I need you
I love you
I want you
No one else can make me new I need you
I love you
I want you
No one else can make me new No one else can make me new
No one else can make me new
