Can you see my heart?  
It's only you for me  
I'll be right behind you  
One step behindYou don't know my heart  
Tears well up in my eyes  
When I see you, my heart aches  
Alone in loveI'll have to walk alone  
To that place I must return  
It's so sadAre you ignoring me?  
I'm right next to you  
I try shouting with all my might  
But it's the sound of my heartI'll have to walk alone  
To that place I must return  
It's so sadI'll have to walk alone  
To that place I must return  
It hurts so badI feel so sad  
Why can't it work out for me?  
Love is so close yet so far  
Your heart
