

# Better Off Without You

[Becky Hill & Shift K3Y](#)

I thought my world was crumbling  
When I woke up and you weren't in my bed  
And I was left here wondering how  
You could walk away and never turn back  
Tried to right all  
your wrongs  
I never thought that I'd be lost  
But I found the truth  
I was searching for me in you  
Now I'm better off without you  
And it's finally clear to see  
That the person I was missing  
It's not you, it's me  
Now I'm better off without you  
And I've never felt so free  
'Cause the person I was missing  
It's not you, it's me  
I tried so hard to please you (please you)  
But nothing that I did would work  
Oh, and all the things that we've been through  
Now it's time to start putting me first  
Tried to right all your wrongs (all your wrongs)  
I never thought that I'd be lost  
But I found the truth (the truth)  
I was searching for me in you  
Now I'm better off without you (without you)  
And it's finally clear to see (now it's finally clear to see)  
That the person I was missing  
It's not you, it's me  
Now I'm better off without you (without you)  
And I've never felt so free (no I've never felt so free)  
'Cause the person I was missing (it's not you)  
It's not you, it's me  
Better off, better off, I'm  
Better off without you  
Better off, better off, I'm  
Better off without you  
I thought my world was crumbling  
When I woke up and you weren't in my bed  
And I was left here wondering how  
You could walk away and never turn back  
'Cause I'm better off  
Now I'm better off without you  
And I've never felt so free  
'Cause the person I was missing  
It's not you, it's me  
Better off, better off I'm  
Better off without you  
Better off, better off I'm  
Better off without you
