Punk Rock Princess

Something Corporate

Maybe when the room is empty
Maybe when the bottle's full
Maybe when the door gets broke down love can break in
Maybe when I'm done with thinking
Maybe you can think me whole
Maybe when I'm done with endings this can begin
This can begin

This can beginIf you could be my Punk Rock Princess
I would be your Garage Band King
You could tell me why you just don't fit in
And how your gonna be something

Maybe when your hair gets darker Maybe when your eyes get wide

Maybe when the walls are smaller there will be more space

Maybe when I'm not so tired Maybe you can step inside

Maybe when I look for things that I can't replace

I can't replace

I can't replaceIf you could be my Punk Rock Princess

I would be your Garage Band King

You could tell me why you just don't fit in

And how your gonna be something

If I could be your first real heartache

I would do it all over again

If you could be my Punk Rock Princess

I will be your Heroin

I never thought you'd last

I never dreamed you would

You watched your life go past

You wonder if you should If you should be my Punk Rock Princess

So I would be your Garage Band King

You could tell me why you just don't fit in

And how your gonna be something

If I could be your first real heartache

I would do it over again

If you could be my Punk Rock Princess

I would be your HeroinWhoa Ohhhh, you know, you only burn my bridges Whoa Ohhhh, you know, you just can't let it sink in

You could be my Heroin You could be my Heroin
