Lets Go  
I'm jus playin' wit ya'll niggas  
Female Speaking  
Lets Go  
I'm jus playin wit ya'll niggas  
Mr. Porter!Uh, Right off the rip nobody can fuck wit me  
I'm outta space mind and body, my soul and so on  
Mammi I'm fly as a understatement, come to greatnessChorus  
I'm on my own planet  
I'll do my own thing  
Then turn around and bet myself on the bet for doin' you  
I don't need nobody else, I'm gon do it by myself  
Say what you wanna say but stick to the facts  
It's all good, it's all good  
Right off the rip, nobody is quite like me  
You gon need a NASA spacecraft to site me  
If you don't like me, bite me  
I could give a fuck less, fighting excites me  
Leanin on the moon wit a patron 5th playin my own shit  
And I sound terrific  
I'm not cocky, I'm beyond that  
It's time to start another hobby, I'm beyond rap  
Run and tell ya baby daddy and ya son ray  
I'm hot, I sun bathe on the sun bay  
I'm the one on the one way  
Head from pretty long, legs from the runway  
My nigga Nani is a genius  
You gonna need a ladder just to climb on my penis  
Got two words for the rap game, Fuck ya'llChorus  
Right off the rip, you thought it was a wrap for me  
Didn't you, go and admit it hater  
Cold as ice, I'm a livin' refrigerator  
The reason hip-hop's breathing, the defibrillator  
I did a bid just for drunk driving,  
It'll never happen again cause now I'm drunk flying  
I'm a innovator, When I say I'm on Venus  
I don't mean that I'm dating the tennis player  
I'm on Saturn where you don't matter  
Alone, I'm past the zone where ya phone scatters

(Hello) Can you hear me now? You don't got a fuckin' choice  
I elbowed my way into everybody conversations  
With rhyming, timing and patience  
Now I'm in space bitch  
I used to have to be on some watch what I say shit  
But now you gotta take it!Chorus
