

Tripping Off (feat. Lune)

Kungs

Show yourself
There's nobody else
Strip the layers away
Oh let me unfold your love
There's a fire below
And we're not made of stone
Got me melting away
Every time when our bodies touch I'm tripping like, oh oh
I'm tripping like, oh
I'm tripping like, oh oh
You know, you know
I'm tripping like, oh oh
I'm tripping like, oh
I'm tripping like, oh oh
You know, you know
Show yourself
There's nobody else
Strip the layers away
Oh let me unfold your love
There's a fire below
And we're not made of stone
Got me melting away
Every time when our bodies touch I'm tripping like, oh oh
I'm tripping like, oh
I'm tripping like, oh oh
You know, you know
I'm tripping like, oh oh
I'm tripping like, oh
I'm tripping like, oh oh
You know, you know
I'm tripping like, oh oh
I'm tripping like, oh oh
You know, you know
I'm tripping like, oh oh
I'm tripping like, oh
I'm tripping like, oh oh
You know, you know
