

# Pop the Glock

## Uffie

MC am I people call me Uff  
When I rock the party you bust a nut  
Feadz is breaking out the beat  
Shit be hotter than me  
Me and he our crew's a militia  
Better watch out my clan gets vicious  
Bad ass bitch I'm rated-X  
I'm gifted ain't gotta sell sex  
Cross the beach onto the street  
Gotta work hard no room to cheat  
Crunk and grime that's my bloodline  
Feadz is mixing, Uffie's shouting  
Uff is banging, Feadz is banging  
Time to get low  
Do the tootsie roll  
That's how we do  
Do it hot  
And if you understood would you  
Stop hating and playing hard  
I got a loaded bodyguard  
Don't make him pull out the Glock and pop  
Uffie's gonna make this shit rock  
Like doe, doe I like  
Boys call on me when they feel freaky hot  
I run this show you got too slow  
Pick-up the pace with you cracked out face  
Uffie is banging, Feadz is banging  
Time to get low  
Do the tootsie roll  
That's how we do  
Do it hot  
And if you understood would you  
Beat my rhyme if you can  
Yeah you talk shit, think I care  
My style in this flow is confusing cause you don't know  
Pop the Glock (x7)  
The Glock you pop  
Sound like twista fast as hell  
I rock this beat you know damn well  
Gonna make it to the top  
Spit this shit till you drop  
Down low is where you keep it boy  
Don't let anyone know  
Gonna tear you down  
Underneath you just a clown  
Time everyone see

What you really bePlay the game, the game gets played  
I got a man and he goes by Feadz
