

We Were Here (Chase Atlantic Remix)

Lights

Rooftops, dirty thoughts, all I got is twenty bucks
Nights so breezy make it look easy
Local cuts, pizza crust, leave a message on the bus
Full moon howling, let's go prowling
Spend some time burn the money
That we don't 'posed too, shit we got into
I'm no good, not tryna be
Yeah we got issues, take a flag with you
Dressed up, messed up put on a show
So the whole damn world's gonna know
That we were here (yeah, yeah, yeah)
Running round, blackin' out
Young bloods burning it down
That we were here (yeah, yeah, yeah)
Setting flames, taking names, just cause we own the town
We gonna write it
Solid as gold
We're gonna make it
So they gonna know
That we were here (yeah, yeah, yeah)
Yeah we were here (yeah, yeah, yeah)
We were here
Photobooth, kissing youth, midnight bulletproof
Night so hazy, lay back lazy
Slow burn, fighting words, show them how the fire works
Make an impression, teach 'em all a lesson
Dressed up, messed up, put on a show
So the whole damn world's gonna know
That we were here (yeah, yeah, yeah)
Running round, blackin' out
Young bloods burning it down
That we were here (yeah, yeah, yeah)
Setting flames, taking names, just cause we own the town
We gonna write it
Solid as gold
We're gonna make it
So they gonna know
That we were here (yeah, yeah, yeah)
Yeah we were here (yeah, yeah, yeah)
We were here
We were here
We were here
WE. WERE. HERE
Dressed up, messed up, put on a show
So the whole damn world's gonna know
Dressed up, messed up, put on a show
So the whole damn world's gonna know
That we were here (yeah, yeah, yeah)

Running round, blackin' out
Young bloods burning it down
That we were here (yeah, yeah, yeah)
Setting flames, taking names, just cause we own the town
We gonna write it
Solid as gold
We're gonna make it
So they gonna know
That we were here (yeah, yeah, yeah)
Yeah we were here (yeah, yeah, yeah)
We were hereWe were here
We were here
We were here
WE WERE HERE
We were here
We were here (that we were here)
We were here (that we were there)
WE. WERE. HERE
