

Hot Gyal (feat. Tory Lanez & Mavado)

XXXTENTACION

[XXXTENTACION:]

Hot gyal

Girl, you wan' breathe for me

When I'm in your body, feel like ecstasy, uh

Why you wan' vex with me?

And, next, do you wanna have sex with me? Late night, gettin' lit, going down, uh

Shawty like the way a nigga dick her down, uh

Got a nigga cummin' all on my drawers, yeah

I'ma beat the pussy, then it's sayonara, uh

[Mavado:]

Bad gyal, wan' see all ya

Your body bad like Rihanna

Playin' with your breast like Brianna

Girl, you're [?] for me like Teyana

Wanna wine up your body like Taraji

Shut down Instagram, untag it

Government contraband and flag it

Bring it to my maquilla, man, stop it

Girl, jump 'pon me body like rabbit

She want the D, and I, me, want of it

She addicted like a coke addict

Mission, fuck the [?], she call the dick [?], hey Even when I'm gone, they want my love

The girls want my love

Can't leave on without my love

Even when I fly away like a dove

They carry on, I can't leave on without my love

[Tory Lanez:]

Girl, better not have no pics 'pon the Snapchat for you

I pour one Hennessy and back shot for you

You happ woman, wan' give it up, though

I'm livin' my life, you need fi live it up too

Some say the best sex come from big stress

And I need fi just fling off drawers and red dress

She a ball, call up, me say hello in text message, is stressin' to me

I break her off, the frame in the bed satiny, yeah

Me no one I know fi judge me

I'ma feel like every girl in the world love me

Feel like every girl in the world wan' fuck me

'Cause my money real pretty when I'm lookin' ugly

She want a wilder man

Rude boy done up the Taliban

No, boy, can never style me, man

Beat 'pon the ting like Energizer, no, no, no[XXXTENTACION:]

Fuck yeah

Girl, you wan' breathe for me

When I'm in your body, feel like ecstasy, uh

Why you wan' vex with me?

And, next, do you wanna have sex with me?
