

Ooh La La (Benny Benassi Remix) [Extended]

Goldfrapp

Dial up my number now
Weaving it through the wire Switch me on
Turn me up
Don't want it Baudelaire
Just glitter lust
Switch me on
Turn me up
I want to touch you
You're just made for love I need la la la la la la
I need ooh la la la la
I need la la la la la la
I need ooh la la la la...
Coils up and round me
Teasing your poetry
Switch me on
Turn me up
Oh child of Venus
You're just made for love I need la la la la la la
I need ooh la la la la
I need la la la la la la
I need ooh la la la la... You know I walk for days
I wanna waste some time
You wanna be so mean
You know I love to watch I wanna love some more
It'll never be the same
A broken heel like a heart
I'll never walk again
Yeah! I need la la la la la la
I need ooh la la la la
I need la la la la la la
I need ooh la la la la... I need la la la la la la
I need ooh la la la la
I need la la la la la la
I need ooh la la la la...
