

# Tangerine Girl

[Asher Roth](#)

To the bad, to the bad, to the bad  
Making money I was thinking bout the  
Wanna treat it from some vison on some fresh prints  
The way we roabing it reminds me from a ice tea  
With a treagor so baby let's leave  
Sweet tangering girl, sweet tangerine girl  
Sweet tangering girl, sweet tangerine girl  
Coming on I will turn on the radio  
If you feel it then go but baby let me know  
We can run away I know I got your side  
Cuz not a problem in the water it's just you and I  
Cuz not a problem in the water it's just you and I  
Sweet tangering girl, sweet tangerine girl  
Sweet tangering girl, sweet tangerine girl  
Sweet tangering girl, sweet tangerine girl  
Sweet tangering girl, sweet tangerine girl  
Bad to the, bad to the, bad to the bone  
With real clothes, I shoulda known  
Heels on her toes to be matching her coat  
And jewels on the low just to add to the show  
fine, clementine  
What I gotta do to make you mine?  
Girl you set my heart on fire, open fire I could die for you  
Sweet and I need perfection, best on sheads but it keeps me guessing  
Must stay on the desk and tech me a lesson  
Get far and get ...for a second  
I'll stop, bump a clock, get you on the room to the sound of that  
If you wanna fly better come inside we're along  
We will go for a ride  
Sweet tangering girl, sweet tangerine girl  
Sweet tangering girl, sweet tangerine girl  
Sweet tangering girl, sweet tangerine girl  
Sweet tangering girl, sweet tangerine girl
