

Am I Grooving You

Ron Wood

When I touch you baby
Am I groovin' you?
And if I love you too much baby
Am I groovin' you? Do you need me?
Do you always want me by your side?
Let me love you
Let me try to keep you satisfied I wanna hear you say
When I want you to listen
When I hold you baby
Am I groovin' you?
And when I pour my soul out to you
Am I groovin' you? When you want me
When you call me in the lonely night
Do you feel it?
Do you really believe?
Everything's all right When I tell you that I'll be there girl
Am I groovin' you?
When I bury my face in your hair
Am I groovin' you?
Do you love me?
Am I the only man in life for you?
See, girl I love you
I do anything that you tell me to
Ooh, I wanna know
Am I groovin' you?
Am I groovin' you?
Am I groovin' you?
Am I groovin' you?
