Remember That Night (SAINT WKND Remix)

[Grouplove](#)

You remember that night
When I hit a red light and you pulled up next to me?
We were two young kids feeling under attack
Just making out in the streetIt felt so right, just you and I
Like this is something out of a dream
Since you've been gone, don't know what I've done
You're just something like a memoryAm I stupid or do I want you back?
I don't know
Am I stupid or do I want you back?
Let me goYeah, I always took so right
Take your tunes outside
Like you're walking in a magazine
Well you hold my hand, say you are my man
And you only have eyes for me
Yeah, it felt so right, just you and I
Like this is something out of a dream
Since you've been gone, don't know what I've done
You're just something like a memoryAm I stupid or do I want you back?
I don't know
Am I stupid or do I want you back?
Let me go, let me go
Let me go, let me go go go goI think I've been here before
It doesn't matter
Hurry back, I'm coming in for more
I'm feeling like it's only the lonely who know who we are
I think I've been here before
It doesn't matter
Hurry back, I'm coming in for more
I'm feeling like it's only the lonely who know who we are
