

No Submission

Static-X

Shut out, cut out, bloodless
Hopeless, hating as I fade
Pulsate, pushing, head exploding
Razor sharp the tongue is Put down, run out, I could care less
Throw down as I hate
Feeding, needing, severed bleeding
Pull it our exposing Take a beating, needle speeding
Fall into a daze
Defecation, detonation
Tear the tongue apart and Terminate it, suffocate it
Spitting in your face
Accelerate, exterminate it
Take it all in hand
There's no submission
No submission Shut out, cut out, bloodless
Hopeless, hating as I fade
Pulsate, pushing, head exploding
Razor sharp the tongue is Put down, run out, I could care less
Throw down as I hate
Feeding, needing, severed bleeding
Pull it our exposing Take a beating, needle speeding
Fall into a daze
Defecation, detonation
Tear the tongue apart and Terminate it, suffocate it
Spitting in your face
Accelerate, exterminate it
Take it all in hand
There's no submission
No submission
Blue turns to white No submission
No submission No submission
No submission
Blue turns to white No submission
No submission
