

Fear

Disturbed

Fear something again
Huh, huh, huh, huh, huh, huh!
Fear something again
Huh, huh, huh, huh, huh, huh!
Fear something again
Huh, huh, huh, huh, huh, huh!
Fear something again
Huh, huh, huh, huh, huh, huh!
Fear something again
Huh, huh, huh, huh, huh, huh! Reject
Are you no one?
Feel you nothing?
You know I'll bet you think
You have a good reason to be living
In the limelight of the fortunate ones
You're too weakened by the poison
That they feed you in the living lie
They don't believe you
Call to no one
Trust in nothing
Little impotent one
I don't wanna be x4 innocent, you know
I don't wanna be x3 I don't want to let them hypnotize me Punk ass, are you listening?
Can you hear me or are you deaf and dumb to my language?
Do the real words seem to hurt you?
Well, put em' up muthafucker
You're gonna feel it
When I stamp it on your forehead
So you will never forget
That you're a reject
And you're no one
And you're nothing
Little impotent one I don't wanna be x4 innocent, you know
I don't wanna be x3 I don't want to let them hypnotize me I don't wanna be x3 I don't want
innocence, you know
I don't wanna be x3 I don't want to let them hypnotize me
Fear awaken
Go with it now
And let it overcome you
Fear awaken
Your mind is racing I don't understand why you don't like me
Why don't you like me?
Am I so different from you?
Now does it scare you that I'm able to discern

What to love and what to burn?
I'll add your fuel to the fire now
Stand back, brother take your hand back
Leave it and I might crack
More than a smile or two you see
Don't judge what you don't understand
You can't deny what has been given to me I don't wanna be x4 innocent, you know
I don't wanna be x3 I don't want to let them hypnotize me I don't wanna be x3 I don't want
innocence, you know
I don't wanna be x3 I don't want to let them hypnotize me
Fear awaken
Go with it now
And let it overcome you
Fear awaken
Go with it now
Go with it now
Your fear awaken
Go with it now
And let it overcome you
Fear awaken
Your mind is racing
Erasing now
Reject
Are you no one?
Feel you nothing?
You know I'll bet you think
You have a good reason to be living
In the limelight of the fortunate ones
You know
