

Kissin' On My Tattoos

August Alsina

She kiss me on me kissing on me Baby I don't blame you
For being in the clubs
And getting all that love
Cause you're so beautiful
God made you to show that off
Now I ain't ever been the jealous type of guy
But I want yoKissime
elf, I can't lie
I know we ain't on no one on one thing
But baby, It should change
Cause when I be out with other chicks I be thinking bout you
And when you be out on dates you be texting me too
Telling me to come pick you up when he drop you off
I pray to God he ain't breaking you off
I don't want nobody but you
Kissin on my tattoos
I don't want nobody but me
Talkin to you
Until you fall asleep
We better stop playing (We better stop playing)
Before we mess around and someone gets hurt
I don't want nobody but you (nobody but you)
Kissin on my tattoosNobody But youKissin on me
Kissin on me
Nobody But youKissin on me
Kissin on me
Nobody But you
Kissin on me
Kissin on me
Nobody But youKissin on me
Kissin on me
All my homies wanna know whats up with us
They can't believe that I'm kicking it with just one girlBut I'm cool with that
Them pretty eyes and that smile
Girl I'm a fool for that (yeah I'm a fool for that)Cause when I be out with other chicks I be
thinking bout you
And when you be out on dates you be texting me too
Telling me to come pick you up when he drop you off
I pray to God he ain't breaking you off
I don't want nobody but you
Kissin on my tattoosI don't want nobody but meTalkin to you
Until you fall asleep
We better stop playing (We better stop playing)Before we mess around and someone gets hurt
