

# Regina

Becca Stevens

Carved a heart in a dogwood tree  
Found a song in everything  
Nothing to lose and nothing to gain  
Barefoot dancing in the pouring rain  
Regina won't you come back home Done her daddy proud  
Made her momma shine  
Found beauty in the night through a child's eyes  
Little blithe like a firefly  
Never knowing that that fire could die  
Oh no, no  
Regina won't you come back home  
Regina won't you come back home She lost her way along a wandering path  
She can't get it back  
She can't get it back  
It's the wanderer who finds her soul  
Lord only knows  
You had a long road Regina won't you come back home  
Regina won't you come back home She loved a man and he let her down  
She took an apron for a crown  
She knew a girl that lived out loud  
But she don't ever come around no more Regina won't you come back home  
Regina won't you come back home  
Time flew by  
And she let it go  
Used to laugh  
But now she don't  
Little girl dreams  
All turned to stone  
Spends her day  
On the telephone  
Saying no, no, no She lost her way along a wandering path  
She can't get it back  
She can't get it back  
It's the wanderer who finds her soul  
And Lord only knows  
You had a long road Regina won't you come back home  
Regina won't you come back home
