

# Did I Shave My Back For This

Cledus T. Judd

A mason jar full of shine  
A CD of Leann Rhimes  
Is what I bought for our anniversary tonight  
Now here I stand with my petunias in hand  
And you've got a headache again I hit a yard sale cut my toenails  
Trimmed my nose hairs just right  
I thought you'd be impressed  
By my new hunting vest  
But there's no chance tonight  
It ain't the first time this year  
It'll be the TV and beer  
I about forgot what's it's like to be here  
As I sleep on the floor  
While she snuffles and snores  
Did I shave my back for this Oh man Aww woo  
This things duller than a dag burn butter knife Now I'll bet she'll regret  
That she didn't let  
Me take her to that motel with a pool  
You know it's so hard to find  
Free HBO and Showtime  
And them vibrating beds sure are cool  
I souped up my RV  
Fired up my Flobee  
Trimmed my toupee just right  
I tried self tanning cream it turned my skin green  
Uh you know the directions uh said that it might Well it's a mystery to me  
Why she don't like Cledus T.  
Most find me hard to resist  
I'm wearing my brand new drawers  
And wondering what the heck for  
Did I shave my back for this DEE-ANNA  
Did I shave my back for this  
Ohh ohh ohh  
(Coughs)
