

Teen Lovers

The Virgins

Remember walking home the first time
Her features: lightened skin and light brown eyes
It was September, girl you're looking so fine
Sex! Packets! Sleeves are fallin', she's my sign
1! 2! 3! 4!

The heart wants what it wants don't ask for more Teen lovers, don't wait
Vacation is over, don't wait
Teen lovers, don't wait
Vacation is over, don't wait Standing there on first street
She's giving me the sign
Incentive wanna know your DTF
Better look both ways before you cross that line 5, 6, 7, 8
Could you have made a move?
No, it's too late
Teen lovers, don't wait
Vacation is over, don't wait
Teen lovers, don't wait
Vacation is over, don't wait
Teen lovers, don't wait
Vacation is over, don't wait
Teen lovers, don't wait
Vacation is over, don't wait
