

# Stay

## Destiny's Child

Baby, I want for nothing  
Just your tender sweet loving  
I know you've got your things to do  
But tell me what means more to you  
Hanging out with me or with your boys Sometimes I do get lonely  
No you and no one to hold me  
You want so much to lay me down  
Is that what keeps you hanging 'round?  
Is that the only way to win your heart? Well if I loved you a little bit longer  
If my love was a little bit stronger  
Would you stay, stay?  
Baby, please stay  
If I granted all of your wishes  
Give you more than touches and kisses  
Would you stay, stay?  
I need you to stay I'll be, be yours forever  
But can we keep us together?  
I know the time is drawing near  
I promised you has it been a year  
Baby, now I'm ready, will you stay, stay? If I loved you a little bit longer  
If my love was a little bit stronger  
Would you stay, stay?  
Baby, please stay If I granted all of your wishes  
Give you more than touches and kisses  
Would you stay, stay?  
I need you to stay  
Every night I lay and think about it  
If you love me you could live without it  
But I don't wanna do you that way  
No no no no I don't know exactly what I'm feelin'  
I'm kinda scared but I'm then kinda willing  
Will you promise me just one thing?  
No matter what, you're gonna stay If I loved you a little bit longer  
If my love was a little bit stronger  
Would you stay, stay?  
Baby, please stay If I granted all of your wishes  
Give you more than touches and kisses  
Would you stay, stay?  
I need you to stay If I loved you a little bit longer  
If my love was a little bit stronger  
Would you stay, stay?  
Baby, please stay If I granted all of your wishes

Give you more than touches and kisses  
Would you stay, stay?  
I need you to stay If I loved you a little bit longer  
If my love was a little bit stronger  
Would you stay, stay?  
Baby, please stay Thou shall cherish life
