Going Up - Lyrics

Prod. Dekku, Written by MOZ and EMMVerse 1:

I know they're comin' for my vibe
I'm cocky cuz I earned the right
I keep my haters up at night
They better open up their eyes (eyes)
I eat your platinum plaques for breakfast
They talk about me in confession
While I'm just countin all my blessings
You know I always keep 'em guessing
Let em know, Let em know, Let em know

Chorus:

Appreciate I'm here
Cause you'll miss me when I'm gone
In their eyes I see the fear
Cause they know I'm coming up
When they try to pull me down
I just keep on going up
I just keep on going up
I just keep on going up
Up

Verse 2:

Coming for my vibe
Cause they can tell I'm on the rise
It should come as no surprise
I take, take, take, take, take what's mine
I want it, I get it, admit it, I'm one of a kind
I don't ask permission, I'm vicious,
I'm coming to take what is mine
Iconic, symphonic, I'm on it,
I open the eyes of the blind (huh! huh!)
You should watch out for your karma.
I'm busy walking on water
I'll get back to you tomorrow

Chorus

Verse 3:

This is perfect for me, they been looking for me
Got that cook up on me on the way
I been floatin' on em
I been ghostin' on em
I don't focus on em, let 'em hate
I been burnin' with it, In the furnace with it
Fire breathing dragon, Making flame

100 million killing, Thats my aim
I can feel it, feel it my veins
I'm a ninja and they love it
Hoes get to pushin' and the shovin'
Soon they gone know me in the public
Keep talking I ain't tryna hear nothing
Listen clear, this what I am here for
What I put my blood sweat and tears for
Yup we about to live on Billboard
Give 'em something they can get the chills on
This is real talkChorus
