

# Still Holding On (feat. Aruna)

## Conjure One

Gone  
You faded to grey  
You're lost in the fray but I'm still waiting  
There's a hole in my heart for you  
But I'm strong  
I'll carry the weight  
As part of me breaks but I'm not giving up  
There's a hole in my heart for you There's nothing I...  
There's nothing I won't do  
To burn up the space from here to you  
You can raise your walls  
Lock me out  
I won't change or turn around  
'til my world unwinds  
I'll be holding on to love  
You can load your guns  
Raise your sword  
I'll be waiting by your door  
'til the end of time  
I'll be holding on to love  
Still holding on to love Caught  
In an infinite maze  
Can't see through the haze and the daylight's fading  
But I'll wish on a star for you  
To return  
To where you belong  
Cuz your shadow still haunts me  
And I can't make it stop  
You slipped through my hands too soon  
There's nothing I...  
There's nothing I won't do  
To burn up the space from here to you You can raise your walls  
Lock me out  
I won't change or turn around  
'til my world unwinds  
I'll be holding on to love  
You can load your guns  
Raise your sword  
I'll be waiting by your door  
'til the end of time  
I'll be holding on to love  
Still holding on...Cuz your light's like a smoke

It still lingers and it's all I see  
And it burns as it falls through my fingers  
Moving right through me  
But I'll make a way for you no matter where I may be  
Don't know how I'm meant to feel  
But I know I'll keep you here inside...
