

Live Forever (Fly With Me) [feat. Daryl Hall]

Gym Class Heroes

I see a window and all i can think about is,
So do you wanna fly with me
Do you wanna fly with me.
I know it sounds crazy but I can't find solid
ground,
So Do you wanna fly with me,
Do you wanna fly with me.(1)
And i've been staring out this window for the past eleven hours,
thinking of all the opportunities this window has to offer,
from the twenty third floor and a filing cabinet east manhattan and FDR is beautiful as I'm
watching all the cars passing.
Then a couple stars twinkle so I started laughing and a couple walked by and they look so
happy.

I booked this room at this place called the last resort,
All my bags are packed, I got my jacket and my passport
and a first class ticket to the afterlife, you dig me?
Now is you is or is you aint with me?
And i fully understand if you've got other plans,
But i can't see you hand in hand with another man.
I been on auto-pilot since we last spoke,
And i dont wanna board this flight on a bad note.
I want you to think about it, but either way I'm going And if you really love me, then here's
your chance to show it.

(I see a window and all i can think about is,
So do you wanna fly with me
Do you wanna fly with me.
I know it sounds crazy but I can't find solid
ground,
So Do you wanna fly with me,
Do you wanna fly with me.
We'll live forever and maybe we'll write a
novel about our love.(2)

She looked me dead in the eyes and took me by the hand
Kissed me on my cheek and said,"Baby listen i understand,
You don't have to leave, plus I'm scared of heights,
So just put down your luggage, and just forget this flight.
You and I, you know we been through a lot of things,
But it's no reason to start trippin' and arguing."
She said,"You are my king and i place no one above you,
And i don't have to board a plane for me to show i love you.
And all this talk about the afterlife is kinda creepy
So let's just go lay down and talk, I'm getting kinda sleepy."

I kinda smiled and we both walked to the window,
I pulled the shutters, started staring at the sky.
I wiped a couple tears away, then we looked at each other and i could see the stars twinkle in
her eyes.

I told her about the couple that I saw earlier.
She said, "I'm sure they were cute but they're not you and I."

(I see a window and all i can think about is,
So do you wanna fly with me
Do you wanna fly with me.

I know it sounds crazy but I can't find solid
ground,

So Do you wanna fly with me,
Do you wanna fly with me.

We'll live forever and maybe we'll write a
novel about our love.

We'll live forever and maybe we'll write a
novel about our love.
