

# It's Not My Fault, I'm Happy

## Passion Pit

Sorry I couldn't be there  
I was tied to a rocking chair  
I was beat down to a pulp rocking back and forth somewhere  
If you knew, if you saw  
you'd have said it was the final straw  
There my life was bound and tethered on a porch by the shore  
But there's no no no no no  
easy way to tell one so the things you know  
and run run run run  
when they say they think they know  
exactly so  
it's not right, it's not right  
how am I the only one who sees us fight?  
What are we? Who are they?  
Who says those bastards don't deserve to pay?  
"well it's the numbers, its the numbers; we don't stand a chance  
So long as they're around you're just another song and dance  
It's not fair, it's not fair, it's not fair, it's not fair  
Still I'm the only one who seems to careIt's funny being funny  
makes you feel like up and running  
When your past lingers like rain clouds casting shadows below  
I could live with so many burdens  
I'd take all your hope and yearning  
But there's no way I won't take me  
for their petty little woes  
I used to glow glow glow glow glow  
Once I had a love to show  
A love they know  
They're slow slow slow slow slow  
so slow that they never know  
of where I'd goIt's not right, It's not right  
How am I the only one who sees us fight?  
What are we? Who are they?  
Who says those bastards don't deserve to pay?  
"well it's the numbers, its the numbers; we don't stand a chance  
So long as they're around you're just another song and dance  
It's not fair, it's not fair, it's not fair, it's not fair  
Still I'm the only one who seems to careI know that it's always something  
I'm just working with what I've been given  
It's not my fault, I'm happy  
Don't call me crazy, I'm happyit's not right, it's not right  
How am I the only one who sees us fight?

What are we? Who are they?  
Who says those bastards don't deserve to pay?  
'well it's the numbers, its the numbers; we don't stand a chance  
So long as they're around you're just another song and dance  
It's not fair, it's not fair, it's not fair, it's not fair  
Still I'm the only one who seems to care
