

Friends (feat. Powfu)

Mishaal

[Chorus]

I love my friends but someday I'm cautious
I don't pretend, when I trust, it makes me nauseous
I love my friends but someday I'm cautious
I don't pretend, when I'm mad, I make it obvious [Verse 1]
Summer friends, come again
Summer scenes? crawl back to somewhere else
We take it all back just a little bit
Then give it a little sting like a little kick [Refrain]
Oh, yeah, I don't mean nothin' of it
Let's keep it cool, keep it calm
'Cause I don't mean nothin' of it, of it

[Chorus]

I love my friends but someday I'm cautious
I don't pretend, when I'm mad, I make it obvious [Verse 2]
Yeah

Downtown for a drive, just the four of us
Feeling good, new kicks, only wear 'em once
Hope for the best and I'm ready for the worst
I don't wanna leave my friends in the dirt (Yeah)
All get along like a bunch of kids (Bunch of kids)
Fights in the past but today, let's live ('Day, let's live)
I'll help you out with where you're at
But I need you to watch my back [Chorus]

I love my friends (My friends) but someday I'm cautious (I'm cautious)
I don't pretend (Don't pretend), when I trust, it makes me nauseous (Me nauseous)
I love my friends (My friends) but someday I'm cautious (I'm cautious)
I don't pretend, when I'm mad, I make it obvious

[Bridge]

Do you love me? (Yeah)
Do you love, love, love, do you love me? (Yeah)
Do you love, love, love, do you love me? (Yeah)
Do you love, love, love, do you love me? (Yeah)
Do you love, love, love, do you? [Refrain]
Oh, yeah, I don't mean nothin' of it
Let's keep it cool, keep it calm
'Cause I don't mean nothin' of it, of it [Chorus]
I love my friends but someday I'm cautious
I don't pretend, when I'm mad, I make it obvious [Outro]
When I'm mad, I make it obvious
When I'm mad, I make it obvious
When I'm mad, I make it obvious

When I'm mad, I make it obvious
