

Lazy Eye

Fruit Bats

You are a diamond in the dirt
And you're the centipede who broke the camel's back
You didn't think I'd get hurt
Love burns a circle in the snow You're frog eggs in the sky
That rain on the GWB
And the palisades
Love turns tripe into gold
Love burns a circle in the snow
Hey, you there with the lazy eye
Turn, turn it to me
Let me hear you say it one more time
You, you there with the lazy eye
