

# Whats My Name (feat. Remy Ma)

## Papoose

(Hook 1)

She said she love my nature  
She don't love me, she love my gangsta  
She don't love me, she love my paper  
Caught me creepin with the next door neighbor  
It wasn't me (if it was it was)  
She'll still love me 'cos love is love uh(Hook 2)

He said he love my body  
He don't love me, he love my cunamy  
I'm in love with the things that he buy me  
Caught me with the next nigga in the lobby  
It wasn't me (if it was it was)  
He'll still love me 'cos love is love uh

(Bridge 1)

No what's my name? (daddy)  
What's my name? (daddy)(Verse)  
And I still love him even when I'm maggy  
He has me wrapped around his finger  
And in myself only got his own ringer  
Now sometimes he get heated and I know he don't mean it  
But as much as he accuse me I should've cheated  
And even if I cheated, he wouldn't believe it  
'Cause right after I read it, messages get deleted  
And I know we even but I don't never see it  
When I step on the scene the rookies gotta beat it  
He caught it's cool but we break up  
New bag, new shoes and we make up  
He buy me diamonds, that's my darling  
Guess I really believe that he's sorry  
As far I could see he called for me  
How could I not accept his apology? Yup

(Hook 1)

It wasn't me (if it was it was)  
He'll still love me 'cos love is love uh(Bridge 2)  
Now what's my name? (baby)  
Now what's my name? (baby)(Verse)  
And once I get I'm gone, I'm Swayze  
I do the damn thing and I run  
I knew she was a freak 'cause she had a earring in her tongue  
Cop a whip, I cop rims, I'm not those dudes  
How you gonna buy a suit and don't cop no shoes?  
For the sugar poured inside her stomach  
Man I have her climbing up the wall like Spiderwoman  
She go ride through the hood on back of the motorcycle  
Sexy, she got more thighs than the bible  
Can't tell a woman you love her, are you stupid?  
Words don't express your love, you gotta prove it  
A man give you his trust, you can't abuse it  
Analyze his choice before you choose it  
As Snoop Dogg, I let it bang  
I got the hottest chick in the game, she know my name(Hook 1)  
She said she love my nature  
She don't love me, she love my gangsta  
She don't love me, she love my paper  
Caught me creepin with the next door neighbor  
It wasn't me (if it was it was)  
She'll still love me 'cos love is love uh(Hook 2)  
He said he love my body  
He don't love me, he love my cunamy  
I'm in love with the things that he buy me  
Caught me with the next nigga in the lobby  
It wasn't me (if it was it was)  
He'll still love me 'cos love is love uh
