Ooh, got me numb on this feeling
Sometimes I need to breathe in
Won't you come and save me now, save me now? Ooh, got me numb on this feeling
Sometimes I need to breathe in
Won't you come and save me now, save me now? Ooh, got me numb on this feeling
Sometimes I need to breathe in
Won't you come and save me now, save me now?
Ooh, got me numb on this feeling
Sometimes I need to breathe in
Won't you come and save me now?
